

## See things from a different perspective

### Non-Executive Director/Chair of Audit & Risk Committee

Remuneration £17,042 per annum - three to five days a month

We're looking for an individual to join our Board of Directors - someone with real drive and enthusiasm, who will share our passion for creating a hospital that gives patients the best possible care and offers our staff a great place to work.

Non-Executive Directors at Chesterfield Royal Hospital have the chance to see things from a different perspective. It's a unique opportunity to appreciate patient and staff experience first-hand, as well as the challenges and potentials within the organisation.

Rated 'GOOD' by the Care Quality Commission in 2017, you'd join an organisation that serves more than 400,000 people across North Derbyshire's varied communities. We are the area's largest employer - with 3,900 staff working at the hospital, in the community and in GP surgeries. With a £235million budget we care for and treat around 360,000 patients every year – 70,000 of whom come to us through the doors of our 24 hour Emergency Department. Thanks to a history of sound financial management we have invested well-over £100 million in new developments and facilities over the last ten years, to create a modern and welcoming site with the very best facilities.

If you have a professional financial qualification, a solid background in finance or audit roles and perhaps have experience of rapid business transformation in a complex setting, we would be keen to hear from you. If you have a strong focus on good corporate governance; can support and constructively challenge and think you share our values, we would welcome a conversation. We are also keen to increase the diversity of our Board. We welcome applications from people living with disabilities and from any race or religious background, as well as those from the LGBT communities.
