

# Public Appointments Newsletter

15th November 2019

## Update

During the pre-election period we expect very few, if any, new public appointment campaigns to be launched. Therefore, we will circulate the next newsletter after the election.

In the meantime, you can still view campaigns that are currently open on the [Public Appointments Website](#). If you have already applied for an appointment and have queries on your application, please get in touch with the department involved. If you have any other questions, please do get in touch with us.

You can follow us on Twitter ([@publicappts](#)) or LinkedIn ([HM Government Public Appointments](#))

Kind regards,  
The Public Appointments Policy Team
