

The National Lottery Community Fund Board

Chair of Wales Funding Committee

Background

The National Lottery Community Fund's core purpose is to support people and communities thrive. This is delivered through its Strategic Framework, People in the Lead.

The Fund is the largest funder of community activity in the UK. Every year £600m of funding raised by players of the National Lottery is distributed. Since its inception, the Fund has distributed money to a wide range of projects throughout Wales. This is done through a number of different grant programmes. In Wales in 2018/19 we awarded 706 grants worth £31.3m. These grants range from a community focused small grants scheme, National Lottery Awards for All Wales, which makes grants of up to £10,000, to our larger grant scheme People and Places making grants of up to £500,000, and major thematic grant schemes which are typically focused on a topic, for example young people or mental health. Details of the range of programmes that we fund can be found here:

We are currently seeking a new chair of the Wales Committee, who will also sit as a member of The National Lottery Community Fund Board. This is a time when as an organisation we support communities across the UK to adjust to and recover from the coronavirus pandemic. It is also a time when the Wales portfolio begins developing responses to the themes of homelessness and youth resilience, and planning for 2021 and beyond, strengthening our links with communities across Wales and bringing people together to share their experience and learning.

This is mirrored Fund-wide as the organisation has gone through a period of change and development, making it well placed to deliver the ambitious plans to achieve the Fund's purpose: supporting people and communities thrive. The Fund has many of the building blocks in place and strives to learn, innovate and continuously improve in order to add even greater value to civil society and public life. The Fund is uniquely placed to act as a catalyst, bring people together and make links between

practitioners and policy makers.

The organisation

The National Lottery Community Fund is established as a non-departmental public body by an Act of Parliament. The Board is responsible for the overall strategic direction of the Fund, as set out in its Strategic Framework, People in the Lead and for the Fund's governance.

Funding decisions are delegated to five funding committees (UK, England, Northern Ireland, Scotland and Wales), Executive Officers, and at times expert committees, with the Board retaining strategic oversight for delivery of the Fund's strategic framework: People in the Lead, and governance responsibility.

Policy responsibility for The National Lottery Community Fund, including setting policy directions, rests with the Department for Digital, Culture, Media and Sport and devolved administrations in Northern Ireland, Scotland and Wales. Policy responsibility for The National Lottery Community Fund in Wales including setting policy directions, rests with The Welsh Government.

ANNEX B

Our Strategic Framework People in the Lead

Our purpose We support people and communities to thrive.

Our strategic framework When people are in the lead, communities thrive.

People understand what's needed in their communities better than anyone. We listen, collaborate and fund so that good things happen.

That's why we're proud to award money raised by National Lottery players across the UK.

Our goals in practice The National Lottery Community Fund supports ideas and projects that matter to people and communities.

We use our funding and relationships to help create stronger, more connected communities.

Charities and community organisations across the UK are vibrant, diverse and active.

The National Lottery Community Fund is valued, trusted and efficient.

Our principles We will be guided in the choices we make by a set of principles:

For everyone Our funding is open to all communities whatever their starting point and we understand that some will need extra support.

The strengths people bring We start with what people can contribute, and the potential in their idea.

A catalyst for others We listen to, learn from, act on and facilitate the things that matter to people, communities and our partners.

ANNEX B

Shared direction, diverse approaches We value the diversity of communities we work with across the UK, are consistent in the quality of opportunities we offer, and support people to tackle inequalities.

Confidence, not control We trust in people's ability to make great things happen, believing that our funding should enable rather than control.

Simple processes, good judgements We use simple, proportionate processes which enable us to make good judgements.

Using resources well We make informed choices about the resources given to us by National Lottery players: with knowledge, with people and with money, and in an environmentally sustainable way.
